Dear Duende,

I wish to add my thanks to my students for an outstanding performance. Mr. Maguire's portrayal of Joseph Priestley was engaging, humorous, and thought provoking as well as entertaining and educational. What a blessing it is to have an organization like Duende in our community, able to offer quality productions to the schools free of charge. I have also been able to use some of the information in subsequent discussions and lessons. Thanks again for a quality presentation.

Sincerely,

Dear Duende,

Thank-you for coming to our school!
Mr. Maguire was superb! I liked the way the
slide show corresponded with the act. His costume
was great too. I also liked the way he used
props. Like the mouse, spider, candle, balloon, fire,
etc.

My favorite subject is science, so when
I heard Mr. Maguire was coming to perform, and
talk about science, I was jittery! Thanks-a-bunch!
You guys are great!

Sincerely,
Zaley Serenson

Thank you for bringing "The Air We Share" to our school. I learned some history about Joseph Priestly. What I found particularly interesting was when he was pouring water over the beer. One of the things I liked about the performance is when you popped the balloon with fire.

Sincerely,

Shayla
